## The program

---

Culminating a series of UPH Hospital programs was one presented by **Julie E. Lang MD**, a Surgical Oncologist. Lang arrived in Tucson recently from a Fellowship at the M.D. Anderson Cancer Center in Houston. A graduate of the University of North Carolina - Chapel Hill School of Medicine, she later completed her residency at the University of California San Francisco School of Medicine.

Her program was titled "What's New in Breast Cancer."

The content of this program was such that an attempt to write up the technical issues presented most likely would result in errors, later requiring corrections. We will let the title of the subject stand for the archival record.

**Shelley Zbojnowicz**, our guest during the recent UPH Hospital programs, asked that the following clarifications be noted:

- The Desert Wheel's 09/25<sup>th</sup> reference to "UPH-Kino" and later to Kino Hospital is passé. The structure we knew as Kino Hospital is now being called UPH-Hospital at Kino Campus
- The "Kino Campus," at the Ajo-Country Club location, is master planned to include multi-use occupancies such as Tucson Electric Park, a proposed Pima Community College Health Campus, a new county nursing home and adult day care centers.

## The clues:

- Came from a hamlet in Indian country in Nevada.
- WWII started and he was off to a military academy.
- Korea erupted and he volunteered for the Ranger Airborne unit.
- The years rolled by...three tours in Korea ... one in Okinawa ...one in Japan ...seven years in the Far East.
- When not on duty, he climbed Mt. Kilimanjaro and Mt. Fujiyama.
- Airborne Rangers of the Korean War comrades elected him their national president.
- The colonel retired and became executive director of Nevada Medicaid. The Medicaid directors elected him their national chairman.
- He found time later to climb Mt. Ranier and Mt. Hood.
- Now - A retired soldier with ranger comrades, West Point comrades and Green Valley friends.
