**La Posada is 25**

**Lisa Israel**, CEO and President of La Posada, said their mission is to maximize the well-being and care of seniors. Their guiding principles are: quality relationships, excellence in service, integrity, inspired participation, quality work life, and community. Since 80% of their residents are from Green Valley, they believe very much in giving back to the community. Over the last 15 years La Posada has a 95% satisfaction rate. They employ over 500 people and have very low turnover. In the past couple of years they've merged with Casa de Esperanza and have created the Inspired Living Institute which focuses on community outreach and healthy aging. LP residents live an average of 12 years longer than nonresidents.

As for moving in, she said, "If you have to feel like you're ready, it's too late."
